

Selection and nomination procedure

The entire selection and nomination procedure is done online, via a dedicated platform accessible via the website of the university: www.univ-skikda.dz

The candidate must upload, depending on the training requested, all the documents required during the call for applications.

Once selected, the candidate receives the necessary documents to complete the administrative formalities for entry and stay in Algeria.

The campus of the university

The Campus of the University of Skikda is located southwest 5 km from the center of the city, anchored in a marvellous natural landscape of exceptional beauty.

Study in Skikda

At the University of Skikda, and like most of the Algerian universities, the training is organized according to the access level in different cycles:

Undergraduate (Bachelor): In the fields of Mathematics and Computer Science, Technological Sciences, Material Sciences, Natural and Life Sciences, Economics and Management Sciences, Law and Political Sciences, Social and Humanities, as well as in Applied Technological Sciences .

To access this level, the candidate must have a baccalaureate appropriate to the field of training she/he requested, or an equivalent diploma, and this after selection by the authorized educational councils of the university.

The international student must complete the administrative formalities relating to entry and stay for studies in Algeria.

Master: In the different specialties provided by the University of Skikda, in the different courses and fields of training.

The master's candidate must have a bachelor's degree or equivalent diploma, and be selected by the master's selection committee.

White book for International student

The University of Skikda opens its doors to international students in its various fields and training courses relating to higher education and scientific research.

Skikda is a city of 200,000 inhabitants, located in east of Algeria on the Mediterranean. It is known for its natural, economic and tourist heritage of great wealth. It is a huge economic center, respectively in the oil industry and in agriculture, in addition to its strong touristic infrastructures.

Accommodation in Skikda

The "Office National des Oeuvres Universitaires" (ONOU) has several university residences, where international students can stay. They are all on the outskirts of the campus, where the student can go there without the need for transport.

All cities are also equipped with the conveniences necessary for a peaceful life, such as university restaurants, sports halls, etc.

Places to visit in Skikda

The ancient city of Rusicada, later named Skikda, has two tourist maritime fronts, Larbi Ben M'hidi (jean of arc) on the east and Stora on the west with its famous fishing port.

A botanical garden on the heights of Skikda encompasses the different plant species of the region.

Several coastal cities on the Mediterranean are to visit, such as the ancient city of Collo, located 70 km west of the Skikda city.
